Budgetary Information: The cost of the acquisition of 1306 Clinton Street, 910 Central Avenue and 1309 Pearl Street includes only the administrative staff time necessary for acquisition and transfer fees, if any. The city will recoup these costs upon sale. The cost of acquisition of 1815 Hayes Avenue will be approximately five hundred dollars (\$500) in title fees and closing costs which will be paid out of the land reutilization account utilizing proceeds from previous sales of land bank property. The acquisition fees will be recouped upon sale of the property; however, demolition of the structure will be paid for with CDBG funds and will not be recouped. The taxing districts will not collect the delinquent taxes, assessments, penalties and interest currently due and owing in the amount of \$65,947.68 whether the city accepts the property or not. However, if the city would not accept the parcels into its land reutilization program and the properties were forfeited to the State of Ohio, the property would be exempt from taxation and the city would not be able to assess the property and recoup the costs of mowing and maintenance. By returning this abandoned nonproductive land to tax producing status, the taxing districts will begin collecting approximately \$4,971.16 yearly in real estate taxes, which will eventually increase with rehabilitation and development of the property.
