Bureau activities for August included: The conclusion of the summer lunch program. I am waiting on the final total number of lunches delivered by the department. Multiple projects in various stages throughout the city, renovations, remodels, and new construction which required an unusually high number of plans review hours.

Public Education included fire extinguisher and fire safety training for FRMC monthly orientation and an STNA group (60 individuals). The annual Cedar Point Boat Show took place and the preparation for the major construction project at the Breakers Hotel. Preplanning took place between shift personnel and Cedar Point staff for Phase 2 of the Breakers renovation which is slated to take 10 months.
