

LISTEN FOR THE SILENT KILLER

Carbon Monoxide Alarm Installation Program

14 year old Girl Scout Silver Award Candidate Christina Ruiz offered free carbon monoxide (CO) alarms with installation in the homes of older adults and people in need who reside in Erie County.

A generous grant provided by the [Wightman-Wieber Charitable Foundation](#) and assistance from the volunteers of [Home Depot](#), [American Red Cross](#), [Erie County Firefighters](#), and Erie County CERT members installed these alarms on Saturday August 18, 2012.

“The fire chiefs of Erie County are committed to risk reduction and rapid notification of the dangers of carbon monoxide poisoning and fully endorse this program,” says Fire Marshal Ruiz.
